Wall mixer non telephonic

**1313**

Wall mixer with bend for provision of overhead shower

**1314**

Wall mixer with clutch for provision of hand shower

**1315**

Wall mixer 3 in 1 system with provision for both overhead and hand shower

**1326 CU**

Concealed stop cock exposed parts kit including operating lever,sleeve,flange suitable for B13

**1327 FU**

Flush cock exposed parts kit including operating lever,sleeve,flange suitable for B14

**1318**

Bath tub spout with wall flange

**1319**

Bath tub spout with button attachment for hand shower with wall flange

**1320**

2 way angular stop cock with wall flange

**1322**

Nozzle bib cock with wall flange

(15MM) CARTRIDGE

**2901**

Bib Cock With Wall Flange

**2902**

Pillar Cock

**2903**

Pillar cock with extension body

**2904**

Angular stop cock with wall flange

**2905**

Bib Cock Long Body With Wall Flange

**2906**

2 way bib cock with wall flange

**2907**

Sink Cock With Swinging Spout And Wall Flange(w/m)

**2908**

Sink Cock With Swinging Spout And Wall Flange(w/m)

**2909**

Sink Cock With Swinging Spout(t/m)

**2910**

Sink Cock With Swinging Spout(t/m)

**2911**

Center Hole Basin Mixer With Swinging Spout (t/m)

**2912**

Sink Mixer With Swinging Spout(w/m)

**2913**

Wall Mixer With Bend For Provision Of Over Head Shower

**2914**

Wall Mixer With Crutch For Provision Of Hand Shower

**2915**

Wall Mixer 3 In 1 System With Provision For Both Overhead And Hand Shower

**2922 CU**

Concealed Stop Cock exposed parts kit including operating lever,sleeve,flange suitable for B11

**2923 FU**

Flush Cock Exposed parts kit including operating lever,sleeve,flange suitable for B12

(15MM) CARTRIDGE

**1201**

Bib cock with wall flange

**1202**

Pillar cock

**1203**

Angular stop cock with wall flange

**1204**

Bib cock long body with wall flange

**1205**

2 way bib cock with wall flange

**1206**

Sink cock with swinging spout and wall flange(w/m)

**1207**

Sink cock with swinging spout(t/m)

**1208**

Center hole basin mixer with swinging spout (t/m)

**1209**

Sink mixer with swinging spout(w/m)

**1210**

Wall mixer non telephonic

**1211**

Wall mixer with bend for provision of overhead shower

**1212**

Wall mixer with crutch for provision of hand shower

**1213**

Wall mixer 3 in 1 system with provision for both overhead and hand shower

**1226 CFU**

Concealed stop cock and flush cock exposed parts kit including operating lever, sleeve, flange suitable for B11, 12

**1227 FU**

Flush cock Exposed parts kit including operating lever, sleeve, flange suitable for B14

**1216**

2 way angular stop cock with wall flange

**1217**

Bath cock with swinging spout and wall flange

**1219**

Nozzle bib cock with wall flange

**1221**

Pillar Cock with extension body (12" Height)

**1222**

Sink cock with swinging spout and wall flange(w/m)

(15MM) CARTRIDGE

**1101**

Bib cock with wall flange

**1102**

Pillar cock

**1103**

Angular stop cock with wall flange

**1104**

Bib cock long body with wall flange

**1105**

2 way bib cock with wall flange

**1106**

Sink cock with swinging spout and wall flange(w/m)

**1107**

Sink cock with swinging spout(t/m)

**1108**

Center hole basin mixer with swinging spout (t/m)

**1109**

Sink mixer with swinging spout(w/m)

**1110**

Wall mixer non telephonic

**1111**

Wall mixer with bend for provision of overhead shower

**1112**

Wall mixer with crutch for provision of hand shower

**1113**

Wall mixer 3 in 1 system with provision for both overhead and hand shower

**1142 CFU**

Concealed stop cock And flush cock exposed parts kit including operating lever, sleeve,flange suitable for B11,12

**1143 FU**

Heavy flush cock exposed parts kit including operating lever,sleeve,flange suitable for B14

**1116**

2 way angular stop cock with wall flange

**1117**

Bath cock with swinging spout and wall flange

**1119**

Nozzle bib cock with wall flange

**1121**

Pillar Cock with extension body (12" Height)

**1122**

Sink cock with swinging spout and wall flange(w/m)

**1125 A**

Single lever diverter exposed parts kit including operating lever wall flange and Button sleeve suitable for B 001 & B 007

**1126 A**

High flow single lever diverter exposed parts kit including operating lever wall flange and button sleeve suitable for B 002

**1127 A**

Single lever diverter exposed parts kit including operating lever and wall flange (for project only) suitable for B006

**1128**

Flush cock with wall flange (SS body,washer system 25mm)

**1131**  
sink cock with grey single  
flow flexible spout(w/m)

**1132**  
sink cock with black single  
flow flexible spout(w/m)

## BELIEVE IN CUSTOMER FIRST. WE BELIEVE IN CUSTOMER SATISFACTION.

its responsibility does not end by manufacturing quality products. A team of technicians across India provide prompt after-sales services to its customers. also provides unique support to its customers during the designing phase. Some of the general instructions carefully followed by the consumers to get optimum results of the products.

### GENERAL INSTRUCTIONS

- Use 25mm pipes rather than 20mm pipes to ensure better water flow and to overcome reduction in diameter of pipeline due to scaling inside the pipeline.
- Keep the minimum number of bends in the pipeline and make it travel straight and vertical as far as possible.
- All the supply must have vent pipes. These vent pipes help in removing air locking in the water supply to give a flow of water from the fittings.
- Test the working of all the concealed fittings installed on a high pressure for leakage before plastering or fixing the line.
- Clean the aerators provided in the items at regular intervals for a perfect foam flow of water from the fittings.
- Place the outlet point in the overhead tank at least 25cm above the ground level of the tank. This prevents the flow of the working parts. Clean the tank thoroughly before the supply starts. It is suggested that the overhead tank must be cleaned at regular interval to avoid deposition of foreign particles.
- Do not use strong harsh cleaning agents containing abrasive, acids detergents as this may cause damage to the chromium finish.
- To protect the finish of fittings from dirt stains and other damages, cover them with cloth/polypack after their installation till they come into actual use.
- It is suggested that center to center distance for hot and cold inter for all type of wall mounted mixers should be maintained at 165mm in which case any of our wall mixers from different ranges can be easily installed without any problem.
- Insist on genuine spares from the company's local service center or its authorised stockist in case of repair or replacement.
- For any type of technical or service assistance, please contact the nearest UFC JAQUEL branch, dealer, or area representative.

### WARRANTY TERMS AND CONDITIONS

The product is warranted by to be free of defects in material and workmanship for a period of 9 years from the date of purchase. During this period and under normal use, If the product is found to be of faulty manufacture, the same will be repaired or replace upon proof of purchase, at our option.

The warranty will be avoid and not valid, and will have no liability if:

- The product is not installed, operated or maintained and serviced in compliance with instruction and recommendations of for trouble free fittings.
- Modification, repairs or service are made to the product, nature of the product/logo has been altered, defaced or removed, or the warranty card has been altered.
- Problems arising from improper use of product, improper application or improper maintained products or components of the same or use of bad/hard water.
- The product has been installed and operated outside its designated plumbing conditions and parameters.
